[EPA SJRWP Meeting Notice Feb 2016 Final.pdf](#)

Dear San Jacinto River/Houston Ship Channel Community Members and Stakeholders-
Please note that two important meetings concerning the San Jacinto River Waste Pits Superfund Site (SJRWP) are coming up right away:

1. The San Jacinto River Coalition and Galveston Bay Foundation are co-hosting a meeting on behalf of the Texas Parks and Wildlife Department this coming **Monday, February 8, 2016 at 6:30pm at the Highlands/San Jacinto Community Center**, 604 Highland Woods Drive, Highlands, TX 77562. The purpose of the meeting is to update and educate the community on the ongoing process to select projects for the \$10 million in settlement funds that the State of Texas received from the SJRWP litigation. Join us Monday and make sure your voice is heard.
2. The U.S. EPA will conduct a SJRWP Open House meeting on **Wednesday, February 17, 2016 at 6:30 at the Martin L. Flukinger Community Center**, 16003 Lorenzo Street, Channelview, Texas. Please see the attached PDF document from the EPA for more information.

PLEASE NOTE that the latest information from the EPA indicates that the proposed plan for cleanup will be available for review and public comment sometime this coming Winter 2016. At the February 17th meeting, GBF will seek clarification from the EPA on the latest schedule. See GBF's [San Jacinto River Waste Pits Superfund Site \(SJRWP\) webpage](#) for more information on the cleanup.

We will update the GBF SJRWP webpage with new information and Superfund cleanup documents as they become available and will provide you notice about any additional public meetings and the public comment period.

Please share this e-mail with your family, friends, and other members of the community and encourage them to contact me to be added to the mailing list.

Sincerely-
Scott
